APPROXIMATE
Machine Weight 32#
Shipping Weight 40#
16" Wide
13" Deep
8" Tall

Features:
- QUICK CHANGE top vise jaws
  -Vises flip over for extra deep cuts only
- ONE CUTTER cuts all cylinder keys
- BUILT-IN FULL FUNCTION key gauging
  -Top shoulder gauge standard keys
  -Tip gauge keys such as FORD

#RY100 115 Volt, 60hz motor
#RY100DC 12 Volt, D.C. motor

#RY101
Wire Brush Kit (optional)

The wire brush kit provides gentle deburring action with minimum wear on cut keys. Soft abrasive impregnated nylon bristles reduces key grabbing and are less harmful to your fingers than metal wire brushes.

Fits the following Rytan key machines
- RY100 High Speed Semi-Automatic Key Duplicator
- RY256 High Speed Semi-Automatic Key Duplicator & Medeco®
- RY45 High Speed Manual Key Duplicator

TOOLS

#RY23
Roto-Puller, Universal Steering Wheel Puller

Universal steering wheel puller for Dodge, GM, Ford, and AMC. Telescopic and non-telescopic models. Rotating tipped pusher makes removing steering wheel from shaft much easier. Three sizes of threaded bolts installed in the tool insures you will always have the right size.

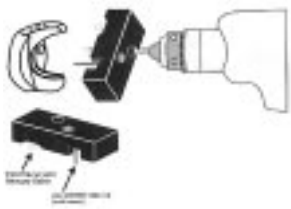

#RY29
Roto-Pusher for GM Telescopic Steering Wheels

Service GM Telescopic steering wheels. Exclusive two piece screw shaft locks telescopic steering wheel in place. Works on conventional steering wheels too.

NOT FOR USE ON VEHICLES EQUIPPED WITH AIR BAGS

#RY2525
Dual Purpose Ford Ignition Drill Tool For 1984-1/2 and Newer

Ford side-bar must be drilled. Also drill most Ford Taurus and Mercury Sable.

#RY17
Glove Compartment Plug Removal Tool

Spread the lock's two plastic retainers, insert the tool and push on the power plunger. The plug is automatically released from the body.

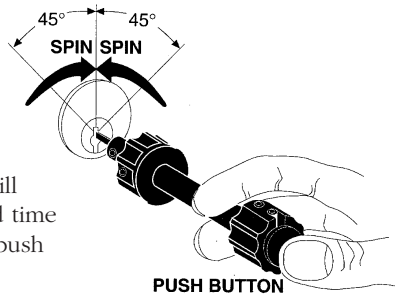

#RY33
Chrysler Ignition Drill Tool

Chrysler Ignition Must Be Drilled. Service 1988+ Dodge, Plymouth and Chrysler cars and trucks.
Also steering columns with two piece spring loaded pin or crescent retained locks and standard one piece with secondary retainer.

#RY57
Plug Spinner

Sometimes a lock will resist picking open but will pick in the opposite direction. In cases like this the best solution is to spin the plug back past the shear line and over to the open position.

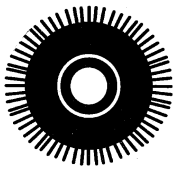

You need lots of speed and power to spin the cylinder plug past the shear line without causing the lock to relock. The Rytan RY57 Plug Spinner will do the job for you time and time again - all with the simple push of a button.

The RY57 Plug Spinner is a bi-directional tool.

MADE IN U.S.A.

#RY57RB
Replacement Blades
Blades are available in packages of five.

#RY9074
Replacement Wire Brush

The soft nylon® bristles help prevent pulling the key into the brush while deburring the key. Helps prevent injury due to flying bristles sometimes encountered when using a wire brush made with metal bristles.
